AUSRAIAN SURFACE DRILLING

OUR VALUES:

SAFETY.

First and Foremost, No Question. – People matter.

PASSION.

Passion is doing what is right and taking pride in what we achieve.

COLLABORATION.

Client/Team first mentality. - Working together as one.

DETERMINATION.

Strive to achieve excellence.

PERFORMANCE.

High quality, efficient and cost-effective solutions.

SUSTAINIBILITY.

Pursuing growth in a responsive manner.

COMMUNITY INVOLVEMENT:

Community involvement is important to ASD. We have a strong history of supporting the local communities we work in through local charities, sporting teams and non-for-profit programs.

We strive to support local businesses and buy local where practical.

Where possible, we hire locally, and support regional programs for both employment and development of our younger people coming through, what ASD like to refer to as:

“THE NEXT GENERATION”.

ENVIRONMENT:

ASD is committed to achieving the highest standards of environmental care and protection throughout our operations.

THE DIFFERENCE:

We look to build long term relationships with our clients.

What this means - ASD can provide consistency and quality of service to **YOU**.

Our Success Starts and ends with our clients.
